

About Us

The Signature B&B Companies help businesses manage risk with and without insurance.

We combine the unique strategic and tactical value of a brokerage firm with the talent and resources of a consulting firm. We have insurance specialists with expertise in industries from manufacturing through distribution to import/export, retail sales, professional services, social services, commercial real estate, and non-profits. Many of our talented insurance counselors spent careers working in or for the industries they serve, including verticals such as technology, apparel, jewelry and healthcare.

Before you become our client, we take the time to understand the nuances of your firm's operations. We examine your risks, loss experience and many other factors so that we can recommend a cost effective insurance program that addresses all of your significant risks.

Assisting customers with their claim issues is the goal of The Signature B&B Companies Claims Advocacy Team.

Depending on the claim, these services may or may not be provided by us. Any services provided by carriers or other vendors will be coordinated by, The Signature B&B Companies Claims Advocacy Representative.

The following are services provided by The Signature B&B Companies Claims Advocacy Team. Selected services are provided as needed and determined by your Account Executive, in consultation with the Claims Advocacy Manager, Joyce Sandler.
